Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2015 - December 31, 2015

Filing Confirmation Number: 0007096308

Filing Deadline: January 15, 2016

FRN: 0002588606

Filing Date: 01/14/2016 11:09 AM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? Yes

Were you a small entity at any time during the three years prior to the end of the reporting period?

Date that you ceased to be a small entity?

Company Information

Company Name: Center Junction Telephone Company

Brand Names: iWireless

PO Box:

Street Address: 10750 126th Steet

City: Center Junction

State: IA

Zip Code: 52212

Contact Name: Russ Benke

Contact Phone: (563) 487-2631

Contact Fax: (563) 487-3701

Contact Email: cntrjct@netins.net

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? Yes

Agent Name: Fletcher, Heald & Hildreth

PO Box:

Street Address: 1300 N. 17th Street, 11th Floor

City: Arlington

State: VA

Contact Name: Tony S. Lee, Esq.
Contact Phone: (703) 812-0442
Contact Fax: (703) 812-0486
Contact Email: lee@fhhlaw.com

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that were tested under ANSI C63.19-2007, and that are capable of voice communication over any air interface or frequency band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007, include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operation?

Yes

Explain:

Do all hearing aid-compatible handsets that were certified only under ANSI C63.19-2007, but that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

N/A

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

N/A

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Service provider websites must include the levels of functionality that the service provider has defined, the level that each hearing aid-compatible model falls under, and an explanation of how the functionality of the handsets varies at the different levels.

No

Website address:

Explain: The Company is a small rural carrier that does not have the resources to maintain an extensive website. The Company orders phones for customers through iwireless, and customers that require additional information are referred to iwireless's website at <http://www.iwireless.com/support/customer-service/hearing-aid-compatibility.aspx>.

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: The Company is a small rural carrier, and it does not have any retail stores where it can post hearing aid-compatibility information or make brochures available to customers. However, brochures and other relevant materials are available at the Company's main office in town. The Company makes information available to customers on an as-needed basis, and it refers customers that need information on hearing aid compatible handsets to iwireless's website at

Methodology for Functionality Levels

Each handset model is described by its capabilities regarding features and functionalities.

Report Remarks

Although several of the handsets available to customers from the Company via iWireless's website are capable of operating on the GSM, WCDMA, and LTE air interface, the Company only operated on the GSM and WCDMA air interfaces in the reporting year. The Company did not offer service using the LTE air interface in the applicable time period. The HAC handset benchmarks set forth in Section 20.19(c)(3) apply only for each interface actually offered by a carrier, and the HAC handset requirements for a particular interface are triggered only after a service provider has actually started providing service using that air interface. Hearing Aid-Compatible Telephones (Petitions for Waiver of Section 20.19 of the Commission's Rules), Memorandum Opinion and Order, 22 FCC rcd 7171, para. 60 (2007). Accordingly, the HAC handset requirements with regard to the LTE air interface are inapplicable to the Company.

You have reported the following handset model summary information.

Total number of handsets offered: 44

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent	
GSM	26	59%	6	14%	12	27%	44
WCDMA	25	66%	5	13%	8	21%	38
LTE	11	55%	4	20%	5	25%	20
Wi-Fi	25	66%	5	13%	8	21%	38
